Law Office of Martin Greenberg

Dear Mr. Greenberg,

Please release my story to the national media outlets you have. Also publish my story via your Twitter feed as well. I am hopeful our story will help other colleges and universities to have the backbone to protect student athletes from abuse. I was gutted and then bled me out and my career in higher education is over, no doubt about it, but maybe my story will inspire other administrators to stand up and protect the student athletes. You have my blessing to get the word out!!

Im so grateful for what you are doing to protect our student athletes from the abuse that is happening in so many athletic programs nationwide.

Sincerely,

A handwritten signature in black ink, appearing to read 'Randy Smith', with a long horizontal line extending to the right.

Randy Smith, Ph.D.
